

**PRODUCT ENHANCEMENT ANNOUNCEMENT**  
**“Quik-Connect”™ CONNECTORS & WIRING HARNESSSES**

All Hayes brake controllers will come equipped with a “**Quik-Connect**” connector, attached to the brake controller wiring which will provide for greater ease of installation. This connector, unique to Hayes, will be standard on all Syncronizer®, Engage®, Energize III®, Energize XPC®, Endeavor™ and Genesis®, models. No current product part numbers will be affected.

Correspondingly, Hayes will offer dual mated harnesses equipped with a mated “Quik-Connect” connector and specific OEM connector for all current and past model vehicle applications. These twenty-four inch wire, dual mated harnesses will allow for ease of wiring installation when connecting the Hayes controllers to all Chevrolet/GMC, Ford, Dodge, Toyota or Nissan vehicle applications.

HBCC “Quik-Connect”/OEM Harness part numbers are indicated below:

81780HBC	Chevrolet/GMC 2007-2003
81781HBC	Chevrolet/GMC 2002-1999
81782HBC	Dodge/Chrysler 2007-1996
81783HBC	Ford 2006-1994
81784HBC	Ford Super Duty 2007-2005
81785HBC	Toyota 2007-2002
81786HBC	Nissan 2007-2005
81789HBC	Universal Hayes mated plug w/four wires

Packaging on all Hayes brake controllers including this new feature will now show a label indicating - **NEW-HAYES “QUIK-CONNECT” HARNESS INSTALLATION FEATURE.**

Hayes is pleased to be the first brake controller manufacturer to provide this feature across our entire brake controller product line. We are certain that this will prove to be an innovative benefit to your brake controller installation requirements in achieving quick, consistent and easy installation with a minimum of time and labor.

We thank you for your continued support of the Hayes brand and look forward to providing you added product innovation and service in the years ahead.
